 C **D** **G**
 And that's what's going on

V.1 **G** **Bm** **Em** **C**
Here we are it's so great to be with you, doesn't get much better
G **Bm** **Em** **C**
I want you to know that I think you are so special to me
D
So I sing this melody

(Chorus)

V.2 **G** **Bm** **Em** **C**
This is one of those times when we realize that life is so good
G **Bm** **Em** **C**
Thank God, thank him a lot, it's a new day and we're here together
D

G **Bm**
It doesn't matter how you got here, it just matters that you are, dear
 Em **C**
All the things that had to take place just to get us in the same space
G **Bm**
You, me, all of us, some of you arrived on a big old bus
 Em **C**
With a suitcase drawn together by God's grace
 G **Bm**
The fact that we're together at the same time, I'm gonna blame it on the divine
Em **C**
Being here is no accident, no, you are here cause you were meant to be, so
G
Thank you for the chances that You've given me
Bm
Screaming through the trees, splashing in the sea
 Em **C**
And the warm nights looking up at the starlight
